

# Concord Park 'All Wheels' Park' Survey

---

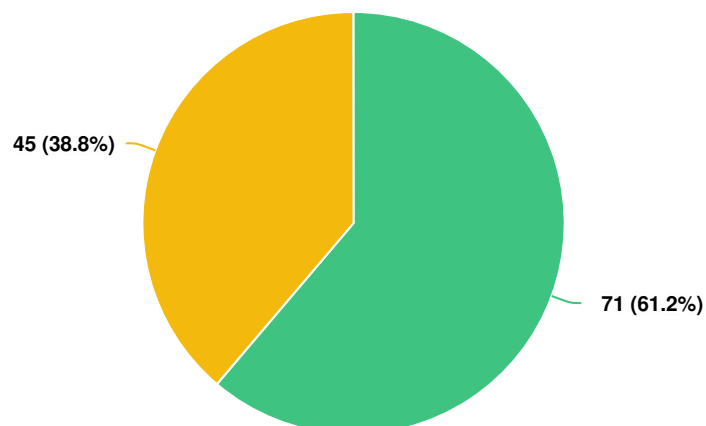

## SURVEY RESPONSE REPORT

10 July 2023 - 12 September 2023

PROJECT NAME:  
Concord Park

# SURVEY QUESTIONS

**Q1** Do you currently do a wheeled sport?

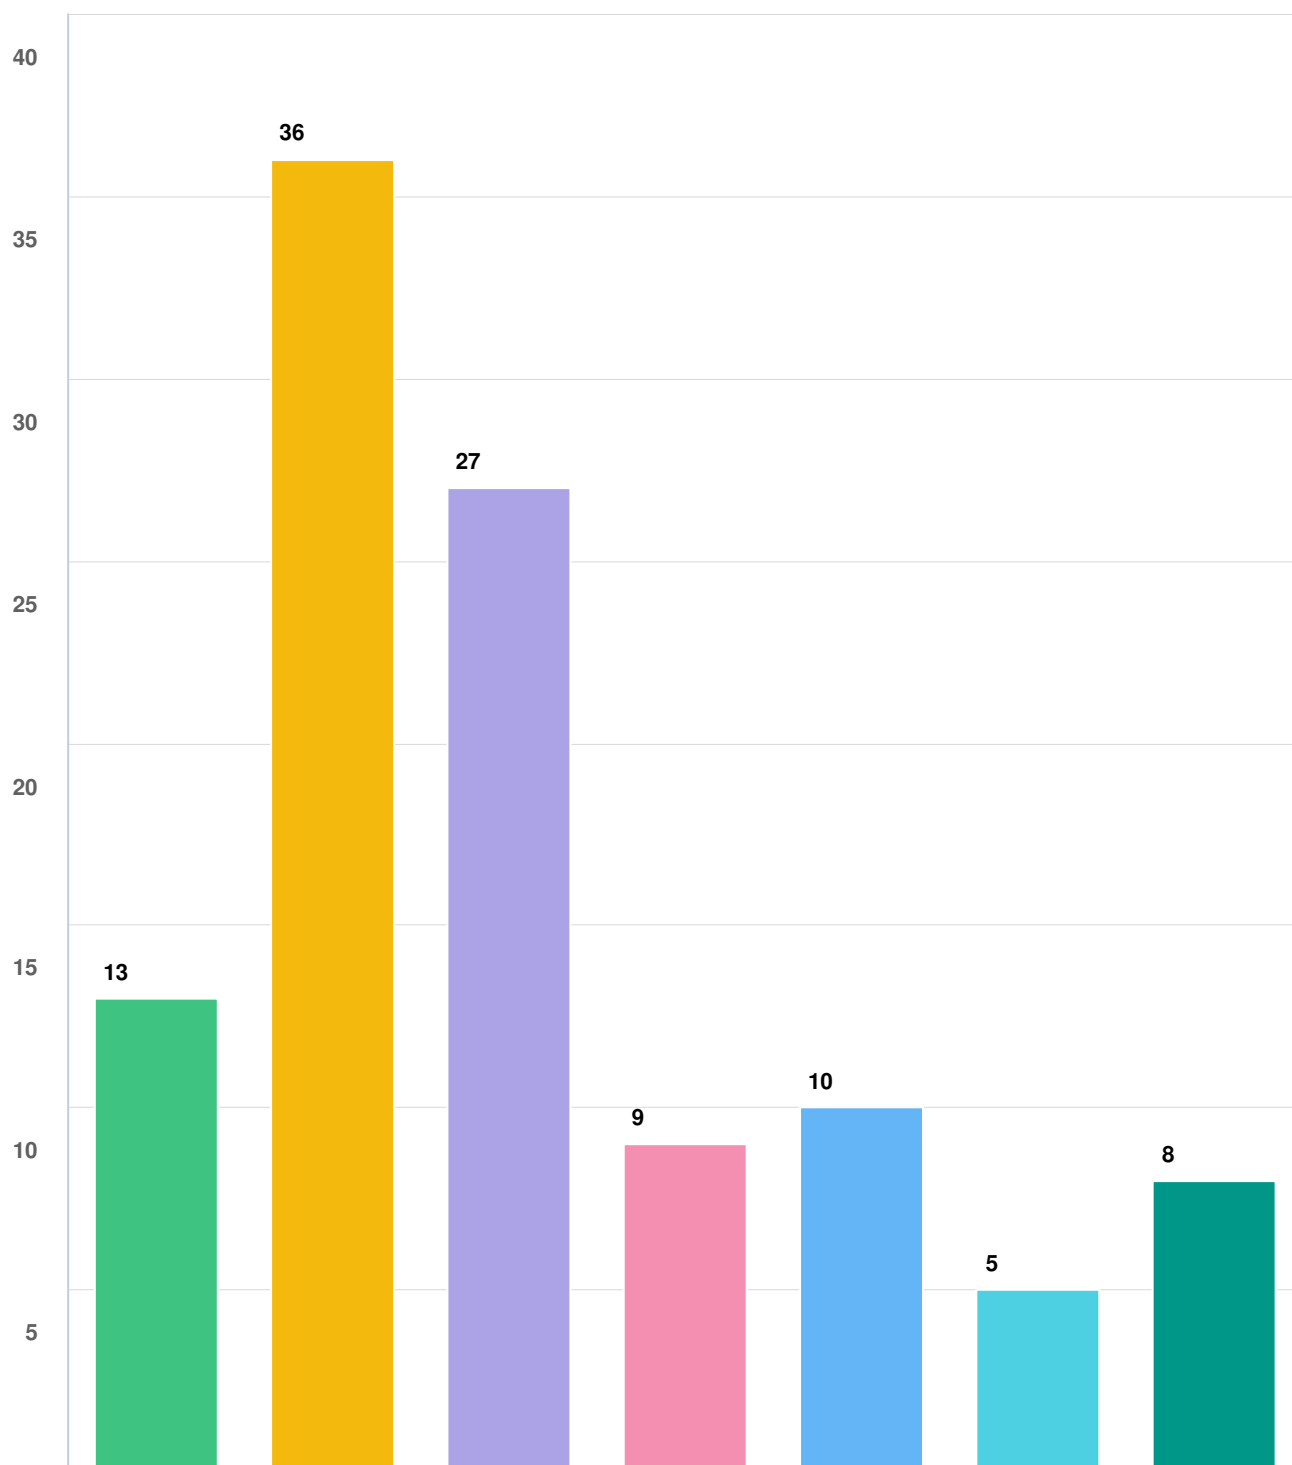

**Question options**

☒ Yes ☐ No

Mandatory Question (116 response(s))  
Question type: Radio Button Question

## Q2 What type of wheeled sport do you currently do?

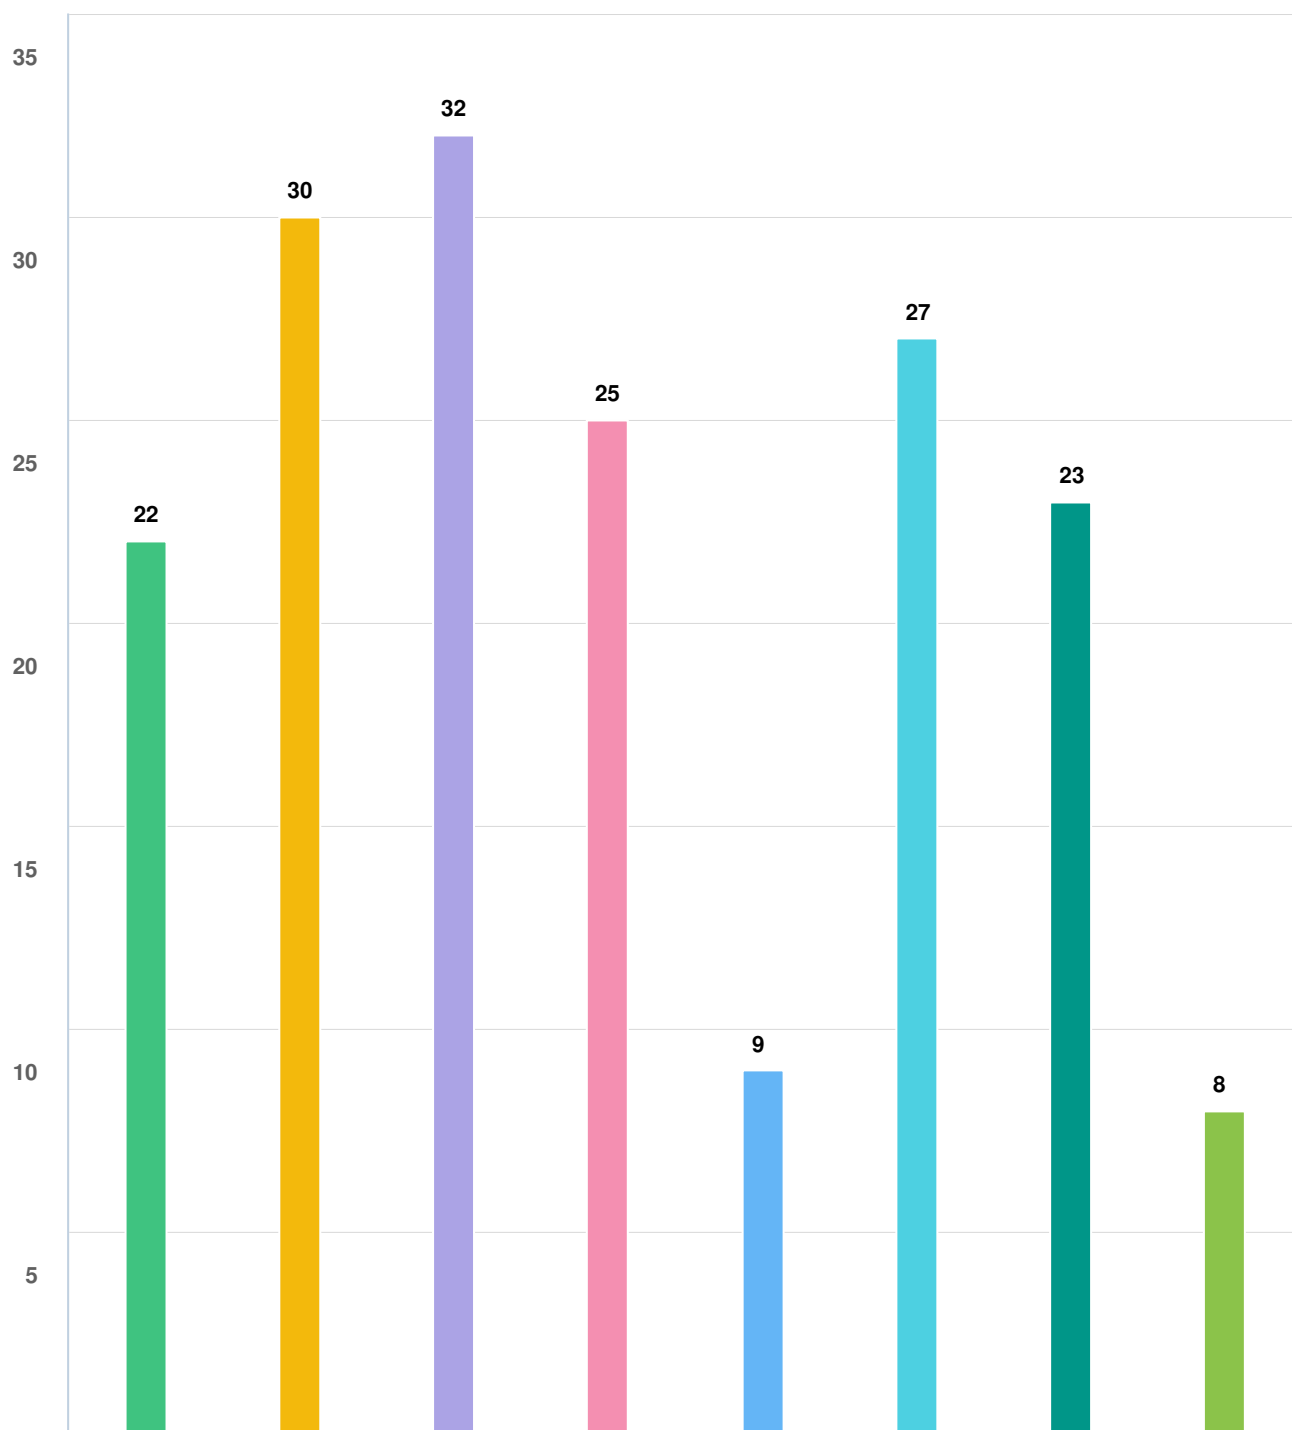

### Question options

● BMX
 ● Mountain Bike
 ● Scooter
 ● Skateboard
 ● Roller Skate
 ● Inline Skate
 ● Other (please specify)

Mandatory Question (71 response(s))

Question type: Checkbox Question

### Q3 What wheeled sport would you like to do?

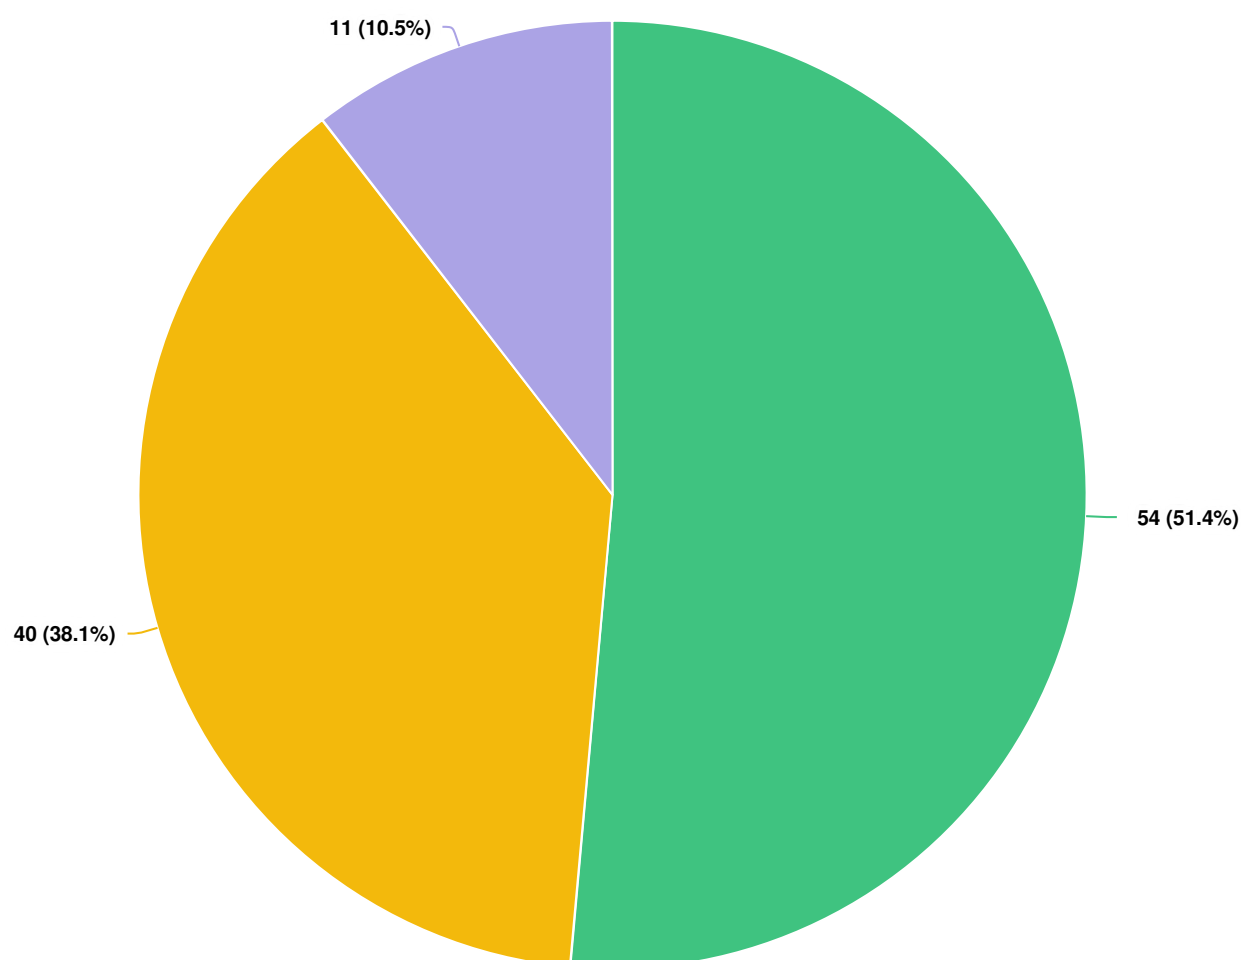

#### Question options

- BMX
 ● Mountain Bike
 ● Scooter
 ● Skateboard
 ● Inline Skate
 ● Roller Skate
 ● None
 ● Other (please specify)

Mandatory Question (116 response(s))

Question type: Checkbox Question

#### Q4 What level would you describe yourself?

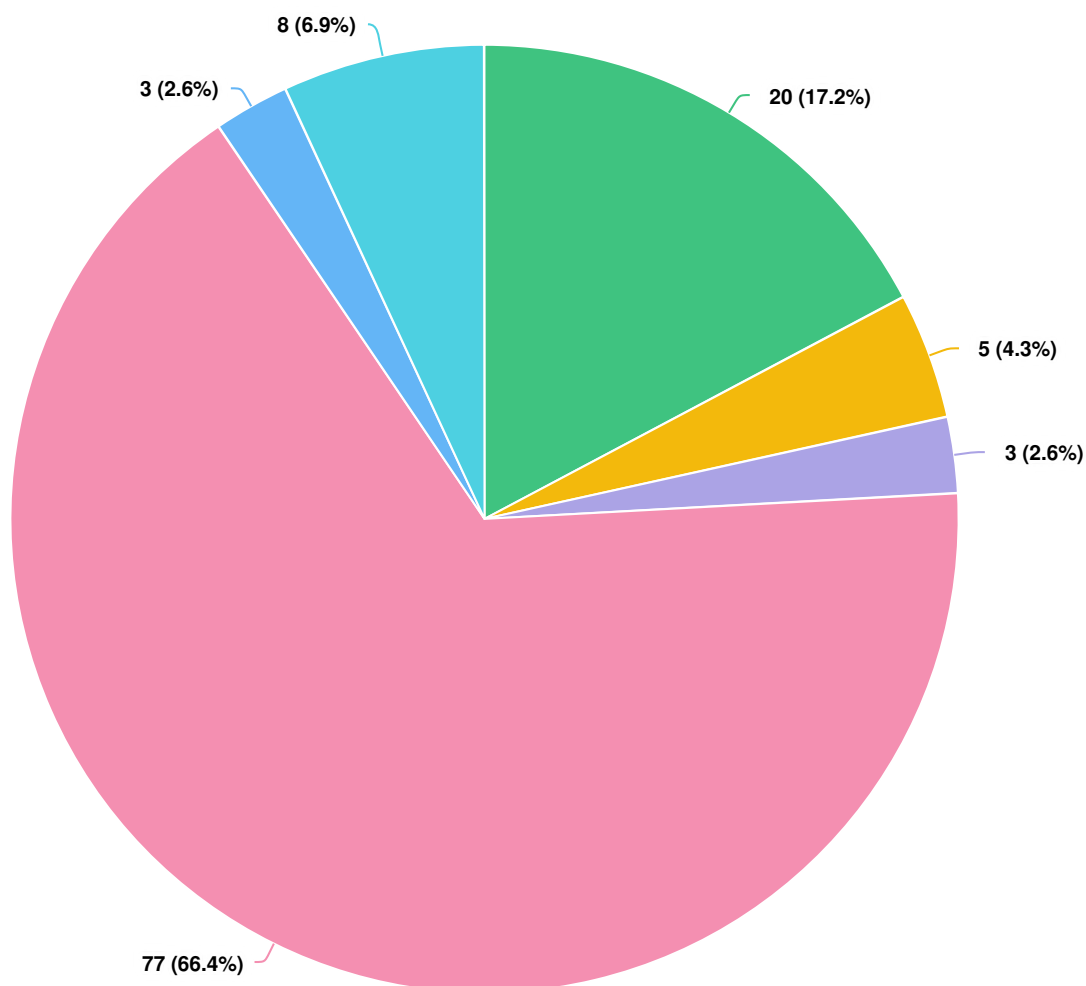

#### Question options

- Beginner (just started out in a wheeled sport)
- Intermediate (confident & regularly take part in a wheeled sport)
- Advanced (experienced in wheeled sports & able to expertly use wheeled sport facilities)

Optional question (105 response(s), 11 skipped)

Question type: Radio Button Question

**Q5** What would your preference be between the following types of all wheels park?

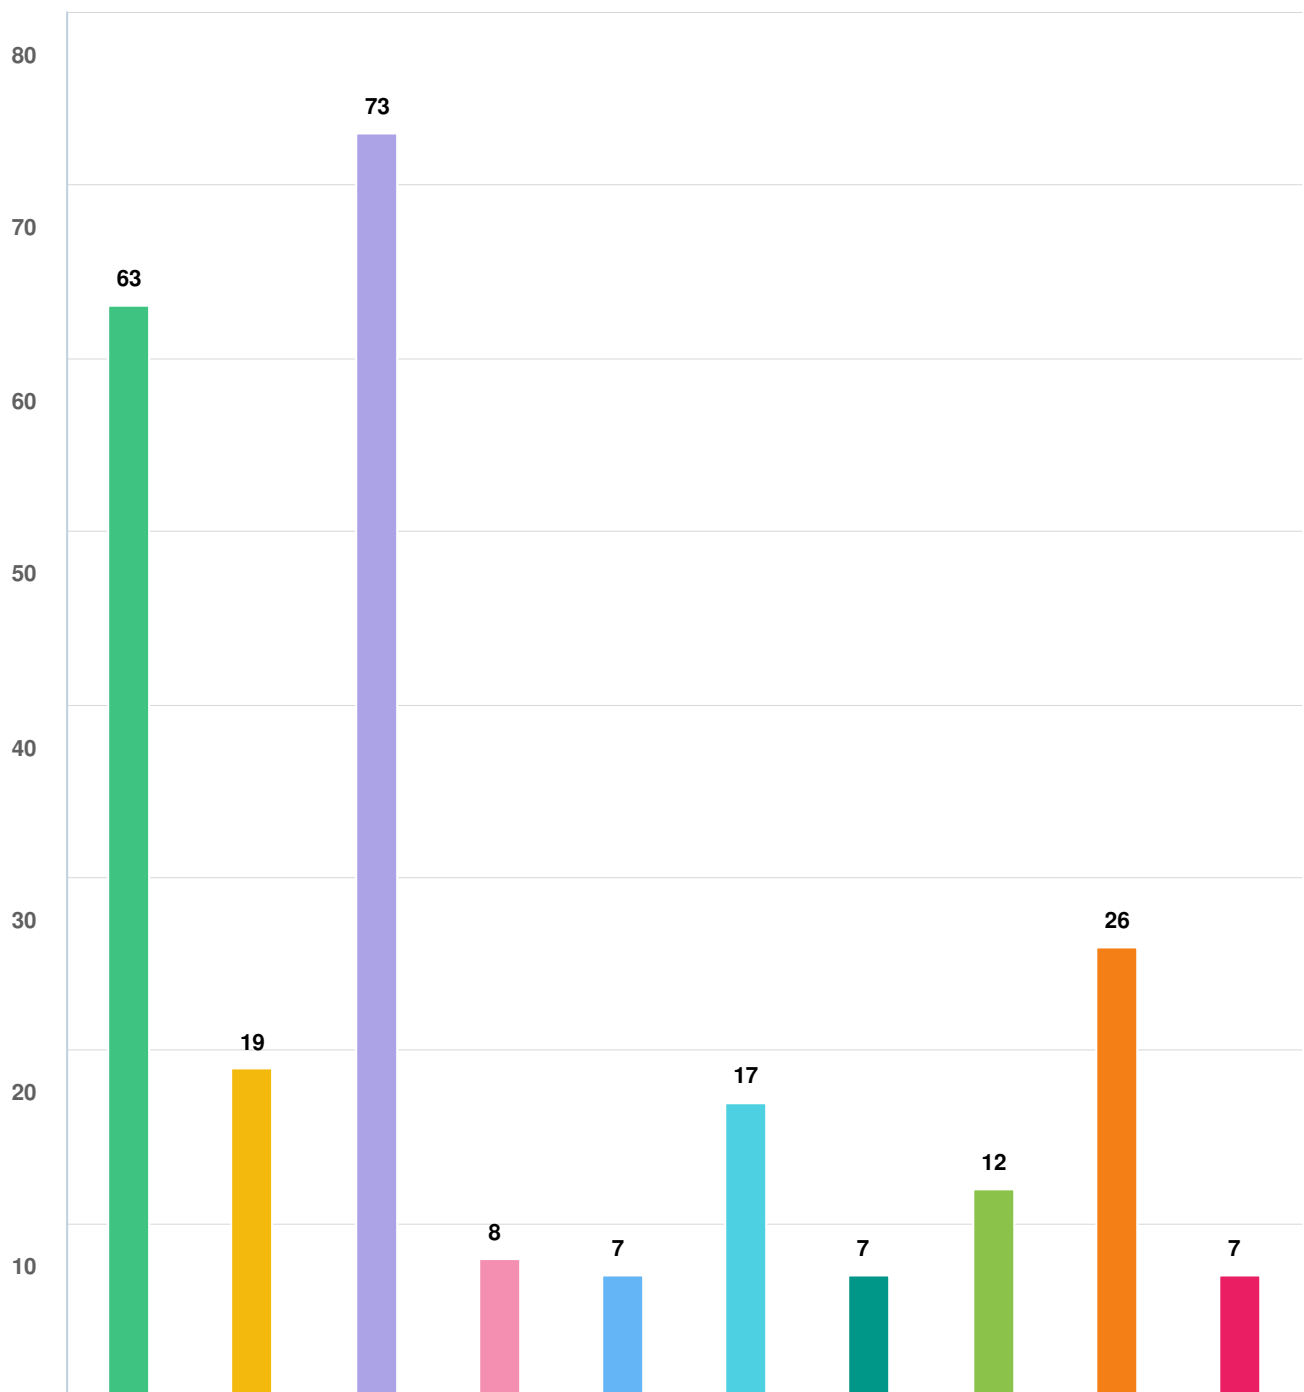

**Question options**

- Learn to Ride Area
- Skatepark
- Pump Track
- A combination of all skate park, pump track, & skate plaza
- Skate Plaza
- Other (please specify)

Mandatory Question (116 response(s))

Question type: Radio Button Question

## Q6 What features would you like incorporated into the all wheels park?

### Question options

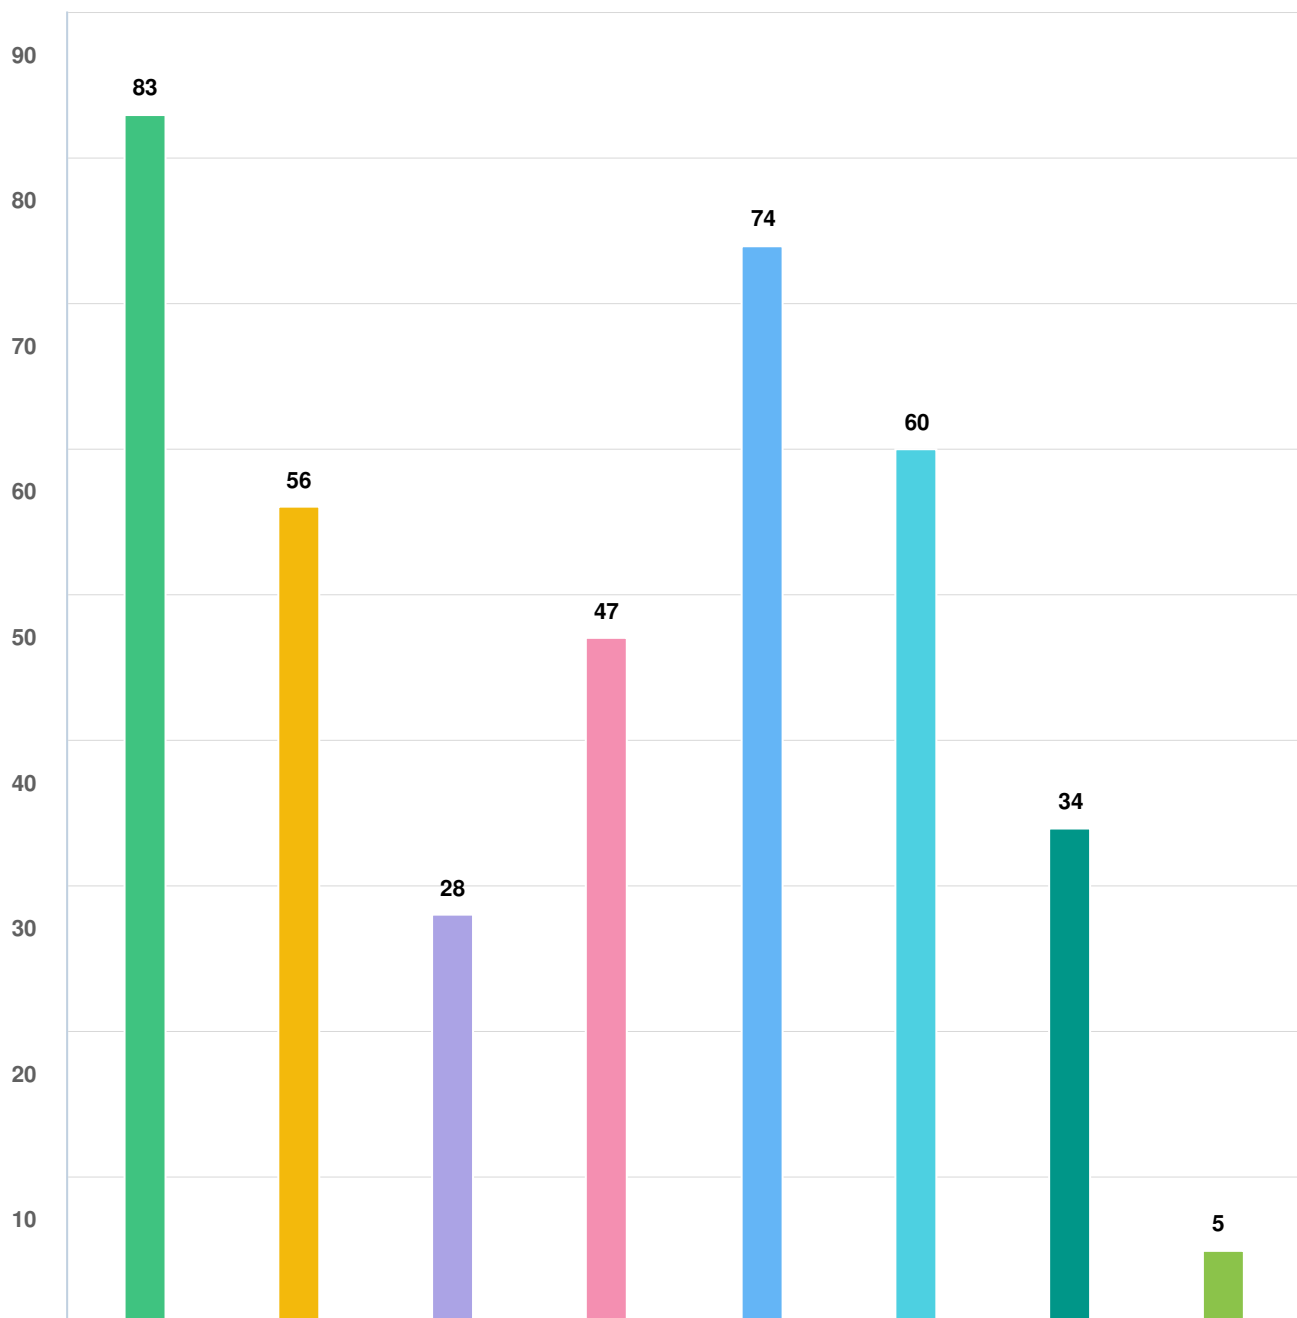

- Learn to ride area / free space - flat area for beginners & practice
 ● Bowls
- Clearly separated areas for - beginners, intermediate and experienced users
 ● Flat banks
 ● Rails
- Circular pump track
 ● Manual pads
 ● Berms
 ● Rollers
 ● Other (please specify)

Optional question (112 response(s), 4 skipped)

Question type: Checkbox Question

**Q7 What other features would you like to see alongside the all wheels park?**

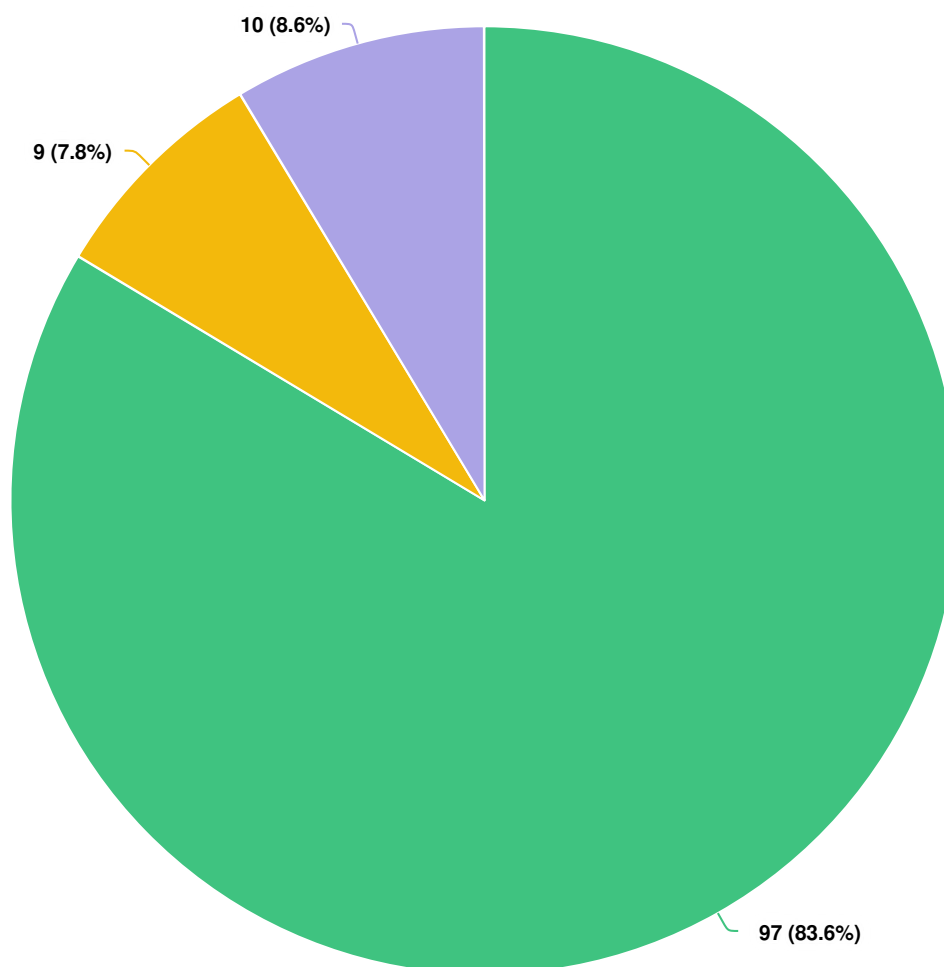

**Question options**

- Seating - for watching, socialising, relaxing
- Planting - trees, wildflowers etc. for shade, sensory, biodiversity, water management
- Lighting - for the all wheels park
- Lighting - for the area around the all wheels park
- Litter bins - for rubbish!
- Play & activity equipment - alongside the all wheels park
- Natural surveillance - facility is open to & easily visible from the surrounding park areas
- Other (please specify)

Optional question (116 response(s), 0 skipped)

Question type: Checkbox Question

**Q8** Would an all wheels park encourage you to visit Concord Park more often, stay for longer, and benefit your health and wellbeing?

**Question options**

☒ Yes ☐ No ☐ Don't Know

*Mandatory Question (116 response(s))*

*Question type: Radio Button Question*

**Q9 | Have you got any comments to make about a potential all wheels park, or Concord Park in general? Use the space below to leave your thoughts.**

Screen Name Redacted

7/11/2023 04:10 PM

I think if this is not monitored by staff it will encourage trouble - motorbikes, off road dirt bikes, joy riding etc Love the idea of creating more diversity for the park but think this is the wrong direction to go in especially for the area which is known for joy riding

Screen Name Redacted

7/11/2023 04:41 PM

They will be damaged no doubt! Like everything nice around this area. This will encourage our "off-road bike" hooligans and provide them with a new area to terrorise.

Screen Name Redacted

7/11/2023 04:47 PM

I use the park for dog walking, I wouldn't use an all wheels park but feel it would be good for anyone who would use this type of facility, however it would need careful planning so as not to encourage the wrong type of use ie: motorbikes, electric scooters, quads etc. About the park in general I have noticed the edges of pathways where there are trees or shrubs have become very overgrown with weeds, nettles etc, it looks a mess, as does the large grassed fields that are unmown. I understand the need for wild areas but feel too much has been left overgrown. Thankyou

Screen Name Redacted

7/11/2023 04:58 PM

More stuff in the area

Screen Name Redacted

7/11/2023 05:07 PM

Think more strategically. You have Wood nearby. Combine the two as a special attraction for the whole family. A place of learning for children and adults, alike, A semi wild area with paths to explore and flora and fauna to discover. Aside for the future which would contribute to the survival of species. For Heavens sake - re think. TheAWP is an awful idea.

Screen Name Redacted

7/11/2023 05:21 PM

I am disabled I walk with a stick I would want the park to still be accessible for walking

Screen Name Redacted

7/11/2023 05:24 PM

A flat track marked as a road suitable for young children

Screen Name Redacted

7/11/2023 06:09 PM

For the space that Concord has it could be so much better, when you look at places like Clifton, Endcliffe, and Millhouses these parks are

so much better so could be more like this and I'm sure it would invite more if the local area then.

Screen Name Redacted

7/11/2023 06:26 PM

We definitely need something like this especially for older children aged 8+ as they are limited to what they can play on the park needs more or to be bigger

Screen Name Redacted

7/11/2023 07:16 PM

I'd love to see Concord Park being improved

Screen Name Redacted

7/12/2023 06:20 AM

The older kids need things to do. More time outdoors instead of inside doing nothing.

Screen Name Redacted

7/12/2023 02:38 PM

Would like security to make family's feel safe . Toilets

Screen Name Redacted

7/18/2023 11:52 AM

Anti social behaviour on motorbikes is a problem, make sure park cannot be accessed by them

Screen Name Redacted

7/18/2023 01:44 PM

Something similar to Hillsborough park would be great

Screen Name Redacted

7/19/2023 06:46 AM

I have been dreaming about a place where I could skate near my home since I moved to Sheffield. That would be 10 years now. All wheels Park would be my dream come true

Screen Name Redacted

7/19/2023 07:11 PM

The closest available pumptracks are Hillsborough and Bolehills, both of which require a concerted effort to visit. A more local alternative would be welcome

Screen Name Redacted

7/25/2023 11:21 AM

Graves Park style mini ramps for young children

Screen Name Redacted

7/25/2023 04:48 PM

It would also benefit from larger seating areas with the seating placed on concrete as the park becomes flooded. Thos would let even more families come and enjoy the park and have picnics whilst watching their children play or for teenagers to sit and hang out. Plus better seating near the tennis court and basketball court as current seating is destroyed. Also extra lighting so elderly people feel safer in the evening to walk their dogs or go for walks as currently many won't as

they don't feel safe. This year many families have come together to play volleyball on the old bowling areas perhaps this could be used as a summer sports area rather than just two grassed areas, volleyball, kids football, badminton or bowls.

Screen Name Redacted

7/28/2023 04:43 PM

.

Screen Name Redacted

7/28/2023 06:21 PM

Ukelele sessions

Screen Name Redacted

7/28/2023 08:59 PM

.

Screen Name Redacted

7/29/2023 04:23 PM

Live across the road do use the park regularly, but would use a lot more if all wheel park is on the park

Screen Name Redacted

8/03/2023 12:32 PM

I think this is a fabulous idea for the many families in shiregreen and surrounding areas. A safe place for young people to go and exercise instead of sitting inside. Brilliant idea for all ages

Screen Name Redacted

8/10/2023 01:19 PM

It's a good park but under used this project would encourage more use and improve fitness of children put the devices down!!

Screen Name Redacted

8/10/2023 04:31 PM

im a frequent hillsborough pump track user. we need more bins so thats something concord would need enough of too

Screen Name Redacted

8/10/2023 05:04 PM

A cafe & toilets would be great too

Screen Name Redacted

8/10/2023 05:53 PM

Prefer not to have any. Lighting around park, cafe and toilets wouldne better

Screen Name Redacted

8/10/2023 10:15 PM

Speaking to young people in the area this is what they want

Screen Name Redacted

8/11/2023 03:10 AM

Ye do it but please mack it well lit so we can see were we are going at night

<p>Screen Name Redacted</p> <p>8/11/2023 10:19 AM</p>	<p>A separate area set aside for younger children on balance bikes or bikes with stabilisers so they wouldn't feel intimidated by older kids/adults speeding around them.</p>
<p>Screen Name Redacted</p> <p>8/11/2023 10:27 AM</p>	<p>Make the park accessible its no use if you can't get in.</p>
<p>Screen Name Redacted</p> <p>8/11/2023 10:39 AM</p>	<p>Sounds like a good idea for the young people.</p>
<p>Screen Name Redacted</p> <p>8/11/2023 11:12 AM</p>	<p>Concord park is a beautiful park and a large pump track at the bottom would be fantastic. And a new playground area for toddlers and one for older children would also be a great benefit to the community. The friends group is up and coming</p>
<p>Screen Name Redacted</p> <p>8/11/2023 12:51 PM</p>	<p>Would be amazing to have an inclusive area ware people with disabilities can use the play area also for example larger swings with support, or swings that are the type that can be layed in other than sitting ..sensory areas that are autism friendly.</p>
<p>Screen Name Redacted</p> <p>8/11/2023 06:02 PM</p>	<p>Glad to see something being done for the kids in the area</p>
<p>Screen Name Redacted</p> <p>8/11/2023 06:34 PM</p>	<p>Upgraded play equipment for my children maybe a trampoline</p>
<p>Screen Name Redacted</p> <p>8/11/2023 08:43 PM</p>	<p>I think it would be really beneficial as there isn't much on offer in the area, we have to travel for our children to use the tracks.</p>
<p>Screen Name Redacted</p> <p>8/11/2023 10:06 PM</p>	<p>Concord park has so much potential to be a good park but at minute it's not to gd</p>
<p>Screen Name Redacted</p> <p>8/12/2023 10:30 AM</p>	<p>It would also be nice to have some medium or small football nets and maybe some other activities at the concord road area (bottom entrance to park) as their is currently nothing to do at this end.</p>
<p>Screen Name Redacted</p> <p>8/12/2023 11:32 AM</p>	<p>I have to drive 4+ miles across town to parks such and endcliffe and Millhouses because the facilities seen more varied here. There is play equipment, water equipment and a learn to ride area at Millhouses for example. If concord also had something like this, it would be a lot</p>

[closer](#)

Screen Name Redacted

8/12/2023 12:20 PM

Brilliant idea for us locally we use the parks regularly but if my daughter wants to go on her bike or scooter ect and need a track we drive to Hillsborough,millhouse or clifton Park but this would be a nice change and great for local parents and children

Screen Name Redacted

8/12/2023 10:24 PM

I think this would be a fantastic addition to the park

Screen Name Redacted

8/13/2023 07:11 AM

It's a good idea as long as you can still do concord park run I also think a toilet block would be good for when concord centre not open and a section for animals to see like Wentworth would be more of an attraction

Screen Name Redacted

8/13/2023 07:58 AM

I think this would be a great idea and build on the community

Screen Name Redacted

8/13/2023 09:25 AM

The world is going electric this needs considering now rather than changing it in the future

Screen Name Redacted

8/13/2023 09:12 PM

The only thing that would concern me is this would provide an area for ASB in the evening

Screen Name Redacted

8/14/2023 07:50 PM

An 'all wheels' park would be good for local children but there needs to be surveillance/barriers to make sure motorised bikes etc. do not enter these areas. In general, it would be better if areas in the park are spaced out across the whole park and not just located towards the top entrance of the park. The park definately would be more attractive and used more if there were flower beds/ sensory planting and plenty of places to sit for older people to enjoy.

Screen Name Redacted

8/14/2023 11:20 PM

I have answered this on behalf of my almost 4 year old grand-daughter. She likes to use her scooter or bicycle in Firth Park, but the pedestrian paths are in bad condition which scares her, and restricts her. Paths in good condition are vital, and ideally a circuit of some kind for the little ones so that the youngest children can safely learn to cycle/scoot away from older children or adults. This applies equally to Concord park.

---

Screen Name Redacted

8/15/2023 08:30 AM

When I was a child I spent hours on my skates on the paths already there and it was great, didnt need a designated area. Who will police the non motored side of wheels as kids these days are all electric and the park currently has an issue with off road bikes and scooters and I worry this may encourage more! The park is always full of a variety of people already enjoying everything that's there. So many dog walkers use the park, how about in the old pavillion having a doggy agility course that would be awesome to sit and watch! Ok the decision has been made I know, im just sad that we are adding more concrete to a small green space.

Screen Name Redacted

8/15/2023 06:07 PM

I think a learn to ride area for younger children would be good. There isn't much for the younger ones. They playground also needs sorting the grassed area near the bottom of the big slide is a tear round bog that smells foul and attracts flies. It makes the slide inaccessible when it's wet and takes weeks and weeks to dry out, if at all! I don't know why the grass hasn't been replaced with soft flooring suitable for all weathers. This would be my preferred choice so that the park can be used in winter abit easier!

Screen Name Redacted

8/15/2023 06:43 PM

I would love to have something like this in my local park that's within walking distance to, it would help with fitness and mental health.

Screen Name Redacted

8/15/2023 09:24 PM

I feel like Sheffield's parks have had a lot of work recently but concord park has been ignored , this is unfortunate as I feel that a lot could/needs to be done. I use this park as a last resort. This is unfortunate to me as I have no means of travel and it is the closest park to me and my son and I want him to gain the best experience possible, any improvement will be better than nothing but a skatepark/circuit would be amazing along with some improvements to the actual park itself -jessica headfors

Screen Name Redacted

8/16/2023 07:00 AM

It'd be great to have somewhere to practice roller skating as there aren't many places to do so (and the sport has become quite popular since lockdown). Lots of flat learner spaces would be great, especially if the surfaces are made to be very smooth, because it's more inclusive of quad roller skates and more approachable for beginners.

Screen Name Redacted

8/16/2023 08:42 AM

It would be great to have an area suitable for wheelchair users / adaptive wheel sports and younger children/toddlers

Screen Name Redacted  
8/16/2023 10:31 AM

Would be great and really interesting if natural features could be incorporated into the design such as trees to provide shade making it more useable in hot weather. Although accumulation of leaf litter could be an issue of course. Wildflower patches would also be great or other planting so that it isn't just a big slab of concrete in the middle of a field. Also having nice areas to sit and watch which would encourage more involvement and interest.

Screen Name Redacted  
8/17/2023 04:56 PM

Play equipment needs updating. Water and sand area more needed than all wheels Park, I feel motorised vehicles may ruin an all wheels park as there's always been a problem with motorised vehicles in this area already.

Screen Name Redacted  
8/19/2023 04:45 PM

Brilliant idea, that would be add new element to be used regularly

Screen Name Redacted  
8/20/2023 09:15 AM

Adavced areas such as a skatepark or plaza need to be clearly marked as such so as to avoid the conflict found in other parks between advanced users and spectators. It can be dangerous for everyone to have spectators unknowing walking into a skatepark.

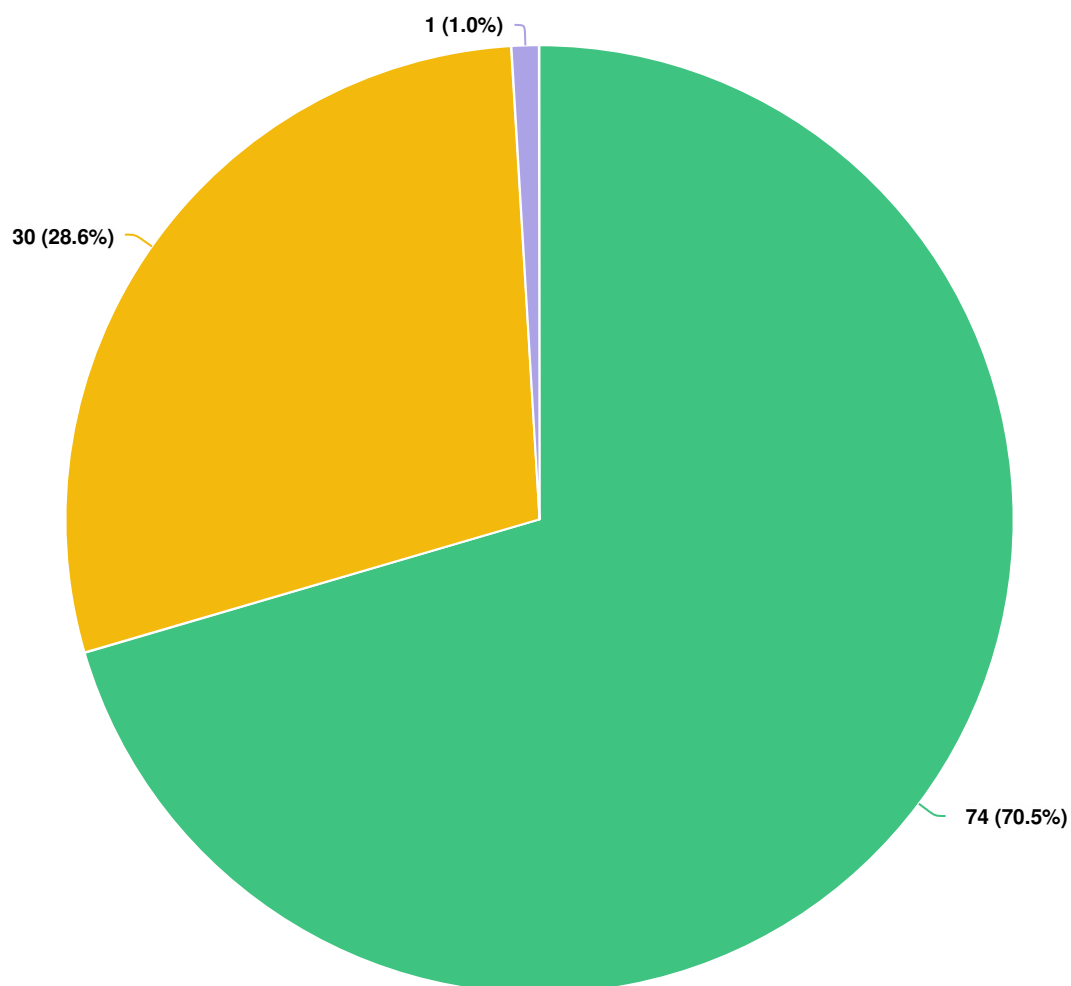

Screen Name Redacted  
8/21/2023 09:10 PM

This survey does not take into account the people who do not want to use these facilities. My concern is for walkers and casual users being adversely affected by wheeled users off the wheel park, cyclists on the foot paths, etc.
